PART I. INVITATION

The City of Leduc (the "City") invites Proponents to submit a formal proposal in response to this Request for Proposals for Prequalification ("RFPQ") for a provider and implementer for municipal tax and utilities software solution (the "Services").

1 Introduction

The RFPQ is the first stage in this procurement process, in identifying proponents that have a municipal taxation and utilities software solution that meets the City's high level requirements. Detailed software requirements are not required at this stage as specific solution information including specifications, an in-depth demo and presentation will be part of the RFP stage. Up to four Prequalified Proponents will be invited to the RFP stage.

The City of Leduc is seeking to identify and prequalify up to four vendors capable of delivering and implementing a proven and fully operational municipal Property Tax and Utilities software solution to replace the City's existing solution (Diamond, Great Plains).

Proponents interested in this prequalification should:

- Possess a strong record of accomplishments working in settings of comparable size, scope, and environment to the City of Leduc.
- Proven experience working in municipal or public-sector organizations.
- Have the capability and capacity to meet the City's needs including system implementation planning and design, system configuration, testing, deployment, sustainment and support.
- Have a proven and deliverable (readily available) tax and utilities solution.
- Meet the City's technical, operational, finance, and governance requirements to proceed to the RFP stage.
- Meet additional requirements including, but not limited to:
    - Compliance with Government of Alberta's Access to Information Act and Protection of Privacy Act and any applicable City requirements
    - Cybersecurity (cyber liability) insurance
    - Solution reliability

<u>Background</u>

The City employs a workforce of over 500 employees providing a full range of municipal services including emergency response, transportation, recreation, utility services, family and community services, building and safety code services and much more to Leduc residents (population of 40,000+) and visitors.

In 2023 the City implemented Workday as our Enterprise Resource Planning (ERP) system (Finance and HRIS). Comparable with other ERP solutions, municipal specific software for taxation and utilities is a specialized area and not often a core component offering of many ERP solutions.

The City currently uses Diamond, Great Plains (Central Square) to manage taxation and utility accounts. Vendor support will end on December 31, 2029, with security updates ending April 30, 2031, creating operational and security risks.

In addition to end-of-life concerns, the City has experienced:

- System instability and software glitches
- Account lockouts and password reset limitations
- Limited vendor support
- Manual processes affecting efficiency and data quality

The City is seeking a modern, secure, and integrated municipal finance solution that improves service delivery, automation, and citizen self-service.

The City has ~17,000 active tax rolls and ~14,000 utility accounts.

Taxes	Tax Numbers	Utilities	Utility Numbers
Taxable Rolls (Accounts)	~17,000	Utility Accounts	~14,000
Tax Installment Payment Plan (TIPP)	~7,100/ month ~$3,700,000 / month	Paper Bills	~5,000 / month
Title Changes	~200 / month	Electronic Bills	~9,000 / month
		Utility Payment Plan (UPP)	~3,000 / month ~$500,000 / month
		Work Orders	~4,000 / annually

Transaction Summary

The City's current point-of-sale is through IntelliLeisure POS. IntelliLeisure is the City's recreation software, which was implemented in 2018, replacing CLASS.

2 Project Objectives

The City intends to replace its existing municipal tax and utility system with a proven, modern tax and utility system solution for municipalities integrating with the City's ERP solution (Workday).

This opportunity for prequalification is open to proponents offering a municipal tax and utility solution, including providing the necessary solution support and professional services required to implement and deliver the selected solution to replace the City's Diamond, Great Plains solution.

The purpose of this RFPQ is to:

- Identify Proponents that meet the City's technical, operational, governance, and regulatory requirements for the City's future utility and tax software solution; and
- Invite only prequalified proponents to participate in proponent meeting(s) and a subsequent Request for Proposal.

Prequalified proponents must demonstrate:

- Ability to provide services within Canada and comply with Canadian data residency requirements;
- Demonstrated experience with municipal organizations of similar size and complexity;
- Readily available tax and utility software that has been fully tested and implemented in other Canadian municipalities.
- Demonstrated experience with implementing tax and utility software solutions for Canadian municipal organizations;
- Ability to support hybrid cloud (Azure / M365) and on-premise environments; and
- Financial and organizational viability.

Only those meeting the prequalification criteria (up to four highest scored proponents) will be invited to the RFP stage. Once prequalification selection is complete, prequalified Proponents will be invited to the City of Leduc to meet with selected members of the City's Finance team for a proponent meeting in relation to the City's requirements and to clarify any information prior to the RFP stage of this

procurement opportunity. It is anticipated that these meetings will be held in person at the City of Leduc offices in April 2026.

This RFPQ is not a solicitation for pricing, or a commitment to purchase. This RFPQ is intended to confirm vendor capability to support a solution required by the City, not to propose a solution nor design a solution at this stage. This prequalification includes general information on tax and utility software to assist proponents in determining whether they offer a solution to replace the City's current solution. The RFP for qualified proponents will be more detailed and specific to the solution and services required.

3 Closing Date and Submission

Proposals will be received online only, through the bids&tenders bidding system.

All Proponents must have a bids&tenders Bidding System Vendor Account and be registered as a Plan Taker for this RFPQ opportunity. Registering as a Plan Taker will enable the Proponent to download the RFPQ documents, to receive the RFPQ updates, including addenda email notifications and to submit their proposal electronically through bids&tenders.

Proposals will only be received by the City through bids&tenders, by the Closing Date and Time; bids&tenders does not permit late submissions. It is the Proponent's sole responsibility to allow sufficient time to upload their Proposal and attachment(s), if applicable, and to resolve any issues that may arise prior to the Closing Date and Time.

Proponents are cautioned that the timing of their proposal submission is based on when the proposal is RECEIVED by the bidding system and NOT when it is submitted by the Proponent. Electronic transmission can be delayed due to file transfer size, transmission speed, etc. For these reasons, it is recommended that Proponents allow sufficient time to upload their submission and attachments (if applicable) and to resolve any issues that may arise.

The Bidding System will send a confirmation email to the Proponent advising that their Proposal was successfully submitted. If a confirmation email is not received, Proponents should contact bids&tenders.

Proponents may amend their Proposal submission prior to the submission deadline. Proponents are responsible for ensuring their re-submitted Proposal is received by the Bidding System no later than the submission deadline.

Proposals can be withdrawn through the Bidding System, prior to the Closing Date and Time. It is the Proponent's responsibility to ensure that the withdrawn Proposal is withdrawn through the Bidding System.

1.8. Only one Proposal may be submitted by each Proponent.

1.9. Proposals must include all required information including the questionnaire (Appendix A).

1.10. Proponents must fully disclose, in writing to the City on or before the Closing Date of this RFPQ, the circumstances of any possible conflict of interest or what could be perceived as a possible conflict of interest if the Proponent were to become a contracting party pursuant to this RFPQ. The City shall review any submissions by Proponents under this provision and may reject any Proposals where, in the opinion of the City, the Proponent could be in a conflict of interest or could be perceived to be in a possible conflict of interest position if the Proponent were to become a contracting party pursuant to this RFPQ.

2 Executive Summary

2.1 This chapter should include each of the following items and be no more than two pages in length:

2.2 a brief summary highlighting key features of the proposal including a corporate overview;

2.3 a brief outline of the unique advantages of the proponent and their solution;

2.4 provide a summary of the proponent's history and related background in municipal software solutions, specifically taxation and utilities (including Point of Sale System where relevant) to clients of similar size and program;

2.5 the name, title and address of the Proponent's representative responsible for the preparation of the Proponent's Proposal;

2.6 the name, signature, title and address of the Proponent's representative empowered to engage on behalf of the Proponent; and

2.7 a list of assumptions that may affect the level of service or upcoming opportunity.

3 Proposal Narrative

3.1 In this chapter of the Proposal, the Proponent must demonstrate an understanding of the key requirements of the project and outline the approach taken to completing all aspects of the Services. All assumptions made in preparing the Proposal should be identified clearly. These assumptions will be vetted by the Evaluation Committee and clarification may be required as necessary. This chapter gives the Proponent the opportunity to describe in detail the unique advantages of the Proponent's proposed solution that illustrates the "added value" that the Proponent has to offer. Be sure to address all the requirements and specifications contained in the RFPQ.

3.2 Information regarding additional services or value-added services, relevant to this opportunity, can be included as an appendix.

3.3 Identify any restrictions which may limit the Proponent's capacity to undertake the work involved for this project.

- Change management support and resources; and

- Ongoing support and service model.

9 Proponent/Project Team References

9.1 The Proponent must provide a minimum of three references from customers who have contracted with the Proponent for similar services in the past 5 years. At least one reference from a publicly operated organization is desirable. Proponents are requested NOT to provide references from the City of Leduc.

9.2 Each reference should include the following information:

a) The reference company's name, address, and telephone number;
b) The name, title and contact information of a person who may be contacted at the reference company;
c) A summary of the work completed / services provided including the proponent's role, type, size, scope, project status, key dates, project duration, and relevancy of the work performed; and
d) Include challenges (and how those challenges were overcome) and any successes.

9.3 The City reserves the right to contact these references, or any other references known to the City, without prior notification to the Proponent. The City also reserves the right to contact any previous or current user of the Proponent's products or services, including the City's own personnel.

9.4 As part of the evaluation, the City will consider information provided by the Proponent's references and may also include the Proponent's past performance or conduct on previous contracts with the City or other organizations.

10 Methodology

10.1 Proponents are to provide a clear understanding of the project objectives, including critical issues that could affect the outcome of the project and how the Proponent would be able to meet the City's expectations and successfully deliver this project. Include an outline of the services and deliverables to be provided, describing the proponent's approach to major activities, and the proposed tools. The methodology should demonstrate the Proponent's ability to understand the project, their planned project approach (knowing what and how they

are going to do the project before they do it). Include the resources and requirements necessary to make this a success, both from the City and from the proponent.

10.2 Provide a transition plan overview and approach to risk mitigation. Include examples of previous transition successes.

10.3 Describe any social value initiatives, policies, and/or programs that demonstrate the Proponent's efforts towards sustainable practices and responsibility (Social, Ethical, and Environmental).

11 Proactive Disclosure of Artificial Intelligence

11.1 Proponents are to identify the use of any Artificial Intelligence (AI) tools or systems in the preparation of their proposal response.

11.2 If AI tools or systems were used, list the tools and systems used and describe their roles in the drafting process.

11.3 How did the AI tools or systems influence the content presented in the proposal response. Provide specific examples of contributions made by AI to your proposal.

12 Other Pertinent Information

12.1 The Proponent should provide any other pertinent information it deems necessary.

12.2 Financial stability (previous 3 years of financial statements).

12.3 Certificate of insurance including additional insurances specific to the industry (i.e. Cybersecurity insurance).

12.4 Provide a sample of previously completed (relevant) work (if available).

PART IV. EVALUATION CRITERIA

1 General

1.1 As a general framework, all Proposals presented by Proponents will be evaluated in the context of the overall value they bring to the City. The criteria to be considered by the City will include a combination of expertise, qualifications, financial proposals and such other criteria as determined by the City at its sole and unfettered discretion (the "Evaluation Criteria"). The City shall use the Evaluation Criteria listed below as the basis for its evaluation of submitted Proposals.

1.2 The Evaluation Committee will utilize specific evaluation criteria to rate various requirements for evaluation purposes. Subject to the requirements of ATIA and POPA, such ratings shall be confidential, and no totals or scores of such ratings shall be released to any party.

1.3 As the City evaluates Proposals and bases any decision on the contents of the Proposals as submitted, each Proposal shall include any and all information required as called for in the RFPQ. It shall be explicitly understood that there shall be no opportunity to make any material change to the Proposal, including any alteration, addition or deletion of any element within the Proposal as submitted by the Proponent after the RFPQ has closed.

1.4 The City may consider the Proponent's past performance on previous contracts with the City, other municipalities or organizations.

1.5 The City may request the Proponent to verify or clarify the information provided in the Proponent's Proposal. The City may revisit, revaluate, and rescore the Proponent's response or ranking on the basis of any such information.

1.6 Upon conclusion of the evaluation, the highest scored Proponent(s) may be invited to participate in an interview process. Proponents are to ensure that the individual(s) identified as key project manager or lead in the proposal response is in attendance during the interview. Scores may be adjusted following the interview process.

1.7 In the event of a tie score, the selected Proponent will be the highest scoring Proponent in the rated criteria excluding price (if applicable).

1.4 By submitting a Proposal, the Proponent acknowledges and agrees that:

1.4.1 the City has, and is hereby entitled to exercise, the sole and unfettered discretion to award the points for the evaluation of the Evaluation Criteria; and

1.4.2 it waives any right to contest in any legal proceedings or otherwise the decision of the City to award points in respect of the Evaluation Criteria.

PART V. SELECTION PROCESS

1 Process Stages

Prequalified Proponents will be selected through the following process:

- Stage One – Request for Proposal for Prequalification;
- Stage Two – Evaluation and Interview (optional – short-list only);

1.1. Stage One

1.1.1. An RFPQ will be issued by the City to potential Proponents as determined by the City in its sole and unfettered discretion;

1.1.2. Any questions raised by potential Proponents during this stage are to be submitted through the bidding system using the "Submit a Question" feature associated with this opportunity. The City will not accept any proponent's questions or requests for information by any other means, except as specifically stated in this RFPQ. Without disclosing the name of the Proponent, responses to all questions received will be provided to Proponents through the City's bidding system. Questions are due before noon, on Monday, February 23, 2026;

1.1.3. The Proponent has the responsibility to notify the City, in writing, of any ambiguity, divergence, error, omission, oversight, contradiction, or item subject to more than

one interpretation in this RFPQ, as it is discovered, and to request any instruction, decision, or direction required to prepare the Proposal;

1.1.4. Verbal responses to any inquiry are not binding on either party; and

1.1.5. Following the Closing Date, the Evaluation Committee will review the Proposals which have not been rejected and will determine the overall scores and ratings of the Proponents. At this stage, Proponents may be formally asked by the Evaluation Committee for clarifications. A written response will be required, and the time frame for response will be minimal. The intent of the clarification is to obtain further explanation and understanding of what was intended by the Proponent. A clarification does not provide an opportunity to make any material change to the Proposal, or to alter, add or delete any element of the proposal including the Proposal price contained within the Proposal.

1.2. Stage Two

1.2.1. Following the initial review, and clarifications, if any, the City may, in its sole and unfettered discretion interview any one, or more of the Proponents that have submitted a Proposal in response to this RFPQ; and

1.2.2. By submitting a Proposal, each Proponent acknowledges and agrees that the holding of an interview shall not constitute an express or implied representation, warranty or undertaking on the part of the City as it relates to the content of the Proposal submitted by the Proponent, and the City expressly rejects any express or implied representation, warranty or undertaking which may arise as a result of the Proponent submitting a Proposal in response to this RFPQ.

1.3. Stage Three

1.3.1 After Stage One and Two have concluded, the Evaluation Committee may select the Qualified Proponent(s) with the most attractive Proposal(s) to participate in the Request for Proposal ("RFP");

1.3.2 During the RFP stage, the City will issue an RFP to the Qualified Proponents selected to participate in the RFP stage. At the conclusion of RFP evaluation, the City, in its sole and unfettered discretion, may select the Successful Proponent to contract with;

1.3.3 The Proposals received shall remain open for acceptance for a period of 90 days following the Closing Date in order to allow the City to undertake the evaluation of the Proposals received to conduct the interviews noted above, and to enter into the ITN;

1.3.4 However, as stated previously, until the Contract is executed, the City reserves the right to terminate negotiations, cancel the project, and proceed with the project on different terms, all without compensation to the Proponents; and

1.3.5 The City reserves the right to determine the location, date and times of all meetings related to the negotiation of the Contract.

1.4. Stage Four

1.4.1 The award of contract by the City for the Services occurs once the Successful Proponent receives a Notice of Award of Contract letter duly executed by the City.

1.4.2 Proponents are advised that award notices, including the proposal amount or contract value, will be posted to Alberta Purchasing Connection or other procurement site used by the City.

PART VI. RFPQ ADMINISTRATION TERMS AND CONDITIONS

13 Reservation of Rights

13.1 A Proponent should clearly understand, and by submitting a Proposal agree, that it's Proposal or any part of its Proposal is subject to the following conditions in addition to any other terms and conditions set out in this RFPQ.

13.2 The City reserves the right, in its sole discretion, to cancel or amend the RFPQ process, where:

- 13.2.1 The proposal(s) exceed the City's allocated budget for the work;
- 13.2.2 Financial circumstances change;
- 13.2.3 Political, economic, or technical conditions change;
- 13.2.4 Any other unforeseen event occurs beyond the City's control; or,
- 13.2.5 The City receives less than three qualified proposals.

13.3 At all times, the City reserves the right to seek written clarifications of a Proponent. Such clarification shall be deemed an amendment to such Proponent's Proposal and be binding upon the Proponents.

14 Disclaimer of Liability and Indemnity

14.1 The City, its directors, officers, servants, employees, agents and consultants expressly disclaim any and all liability for representations, warranties (express or implied), errors or omissions in the RFPQ package or in any written or oral information transmitted or made available at any time to a Proponent or on behalf of the City.

14.2 By submitting a Proposal, a Proponent agrees:

- 14.2.1 To be responsible for conducting its own due diligence on data and information upon which its Proposal is based;
- 14.2.2 that it has fully satisfied itself as to its rights and the nature extended to the risks it will be assuming;
- 14.2.3 that it has gathered all information necessary to perform all of its obligations under its Proposal;
- 14.2.4 that it is solely responsible for ensuring that it has all information necessary to prepare its Proposal and for independently verifying and informing itself with respect to any terms or conditions that may affect its Proposal;
- 14.2.5 to hold harmless the City, its elected officials, officers, employees, insurers, agents or advisors and all of their respective successors and assigns, from all claims, liability and costs related to all aspects of the RFPQ process;
- 14.2.6 that it shall not be entitled to claim against the City, its elected officials, officers, employees, insurers, agents or advisors on grounds that any information, whether obtained from the City or otherwise (including information made available by its elected officials, officers, employees, agents or advisors, regardless of the manner or form in which the information is provided) is incorrect of insufficient;
- 14.2.7 that the City will not be responsible for any costs, expenses, losses, damages or liability incurred by the Proponent as a result of or arising out of submitting a Proposal or due to the City's acceptance or non-acceptance of its Proposal; and
- 14.2.8 to waive any right to contest in any proceeding, case, action or application, the right of the City to negotiate with any Proponent for the Contract whomever the City

deems, in its sole and unfettered discretion, to have submitted the Proposal most beneficial to the City.

14.3 The Successful Proponent shall release, indemnify and hold harmless the City and its elected and appointed officers, servants, agents, employees, or contractors, from and against any and all losses, claims, demands, payments, suits, actions, damages, judgments and expenses (including solicitor's fees), of every nature and description brought or recovered against or incurred by the City and its elected and appointed officers, servants, agents and employees, arising out of or related to the Successful Proponent's breach of the Contract, or by reason of any act or omission or alleged act of omission of the Successful Proponent, its agents, employees or contractors in the performance of the Contract, or arising from the exercise of any rights or remedies of the City.

15 No Tender and No Contractual Relationship

15.1 This selection process is not a tendering process. It is part of an overall selection process intended to enable the City to identify a potential qualified proponent. The submission of a Proposal does not constitute a legally binding agreement between the City and any Proponent. For greater certainty, by submission of its Proposal, the Proponent acknowledges and agrees that there will be no initiation of contractual obligations or the creation of contractual obligations as between the City and the Proponent arising from this RFPQ or the submission of a Proposal.

15.2 Further, the Proponent acknowledges and agrees that this procurement model is not a tender but a Request for Proposal for Prequalification. A Proposal may be rescinded by a Proponent at any time prior to the execution of the Contract.

16 Discretion of City

16.1 Notwithstanding any other provision of this RFPQ to the contrary, the provisions in this Part VI, paragraph 4.0 prevail, govern and override all other parts of this RFPQ. The City is not bound to accept any Proposal. At any time prior to execution of the Contract, the City may, in its sole and unfettered discretion, or for its own convenience, terminate the selection process, cancel the Project and proceed with the Project on different terms. All of this may be done with no compensation.

16.2 The City reserves the right to accept or reject any and all Proposals, all without giving reasons, not necessarily accept the lowest priced Proposal, and not accept any Proposal. The City reserves the right to determine, in its sole and unfettered discretion, whether any Proposal meets the Mandatory Requirements. Selection of the Prequalified Proponents, if any, is at the sole and unfettered discretion of City of Leduc.

16.3 The City is not bound to negotiate with any Proponent.

16.4 The City is not bound to grant an interview to any Proponent.

16.5 The City reserves the right, at its sole and unfettered discretion, to:

16.5.1 waive any formality, informality or technicality in any Proposal, whether of a minor and inconsequential nature, or whether of a substantial or material nature;

16.5.2 negotiate with any or all Proponents; and

16.5.3 receive, consider, negotiate and/or accept any Proposal, regardless of whether it complies (either in a material or non-material manner) with the Mandatory Requirements or not.

17 Past Performance or Conduct

17.1 The City may refuse to do business with Proponents who do not act in good faith towards the City, whether by failing to live up to the terms and conditions of their agreement or contracts, or by entering into litigation with the City without valid justification. The City may prohibit a Proponent from participating in a procurement process based on past performance or based on inappropriate conduct in a prior procurement process, including but not limited to:

- 17.1.1 illegal or unethical conduct;
- 17.1.2 the refusal of a Proponent to honour its fee proposal or other commitments;
- 17.1.3 significant or persistent deficiencies in performance of any substantive requirement or obligation under a prior contract or contracts;
- 17.1.4 professional misconduct;
- 17.1.5 any conduct, situation, or circumstance determined by the City, in its sole and unfettered discretion, to have a constituted a conflict of interest; and
- 17.1.6 litigation, criminal, or quasi-criminal history.

17.2 The City may elect to not consider Proposals received from individuals or legal entities engaged in litigation with the City as a party adverse in interest at the time of this RFPQ. Proposals received from such individuals or legal entities may be rejected.

18 Representations and Warranties

18.1 The City makes no representations or warranties other than those expressly contained herein as to the accuracy and/or completeness of the information provided in this RFPQ. Information referenced in this RFPQ, or otherwise made available by the City or any of its elected officials, officers, employees, agents or advisors as part of the selection process, is provided for the convenience of the Proponent only.

18.2 The Proponent is required to immediately bring forth to the City any conflict or error that it may find in the RFPQ.

18.3 Proponents are hereby required to satisfy themselves as the accuracy and/or completeness of the information provided in this RFPQ.

19 Information Disclosure and Confidentiality

19.1 All documents submitted to the City will be subject to the protection and disclosure provisions of the *Access to Information Act ("ATIA")* and *Protection of Privacy Act ("POPA").* The ATIA establishes rights for persons to access records, as defined in the ATIA, that are in the custody or control of public bodies subject to limited and specific exceptions. POPA establishes privacy rights for Albertans concerning personal information. It also permits public bodies to collect, use or disclose personal information in new ways, including for data matching and to create non-personal data. ATIA and POPA allows persons a right of access to records in the City's custody or control. It also prohibits the City from disclosing the Proponent's personal or business information where disclosure would be harmful to the Proponent's business interests or would be an unreasonable invasion of personal privacy as defined in ATIA and POPA. Proponents are encouraged to identify what portions of their submissions are confidential and what harm could reasonably be expected from its disclosure. However, the City cannot assure Proponents that any portion of the Proponent's documents can be kept confidential under ATIA and POPA.
